

# SMART PARTS

## Washable, Reusable Cabin Air Filters

### INSTALLATION INSTRUCTIONS PART NO. SP11726

The cabin air filter is located behind the glove compartment  
Installation time: 15 min

- Push in on sides while pulling down to disengage latches
- Allow glove box to swing down on its hinges, exposing the filter access door behind it (Fig 1)
- Remove 2 bolts at the bottom securing the metal cross bar (Fig 2)
- Pull on top and bottom tabs to release the filter access door
- Remove door and set aside
- Remove old filter from the tray, taking note of the airflow direction indicator arrow on the side of the old filter
- Insert the new filter into the tray, making sure it's seated and secure in the tray properly and that the airflow direction indicator arrow is pointed the correct direction (squeeze to fit if needed)
- Reinsert the filter and tray assembly into the filter housing
- Replace the rest of the glove box assembly by reversing the removal procedure
