

SMART PARTS

Washable, Reusable Cabin Air Filters

INSTALLATION INSTRUCTIONS PART NO. SP11765

The cabin air filter is located behind the glove compartment
Installation time: 10 min

- Open the glove box
- Slide off damper on right side of glove box. (FIG 1) If damper is secured with screw, remove screw (FIG 2)
- Push both sides of the glove box inward to release the stoppers
- Unhinge glove box and swing down
- Remove the filter housing cover by unlocking two latches along top edge of cover and swing downward
- Pull out old filter
- Insert new Smart Parts Washable Reusable Cabin Air Filter into housing (squeeze to fit if needed)
- close filter housing cover
- Replace the rest of the glove box assembly by reversing the removal procedure
