

# SMART PARTS

## Washable, Reusable Cabin Air Filters

### INSTALLATION INSTRUCTIONS PART NO. SP11816

The cabin air filter is located behind the glove compartment  
Installation time: 15 min

- Open the glove box
- Slightly closing the glove box, pull the arm slightly forward, in order to remove the dampener rod (FIG 1)
- Push both sides of glove box to disengage the stops and allow glove box to hang freely on hinges
- Remove filter housing cover by pressing it to the left and pulling it out (FIG 2 and 3). On some models, the cover is removed by pressing the two latches along the bottom edge and pulling the cover away
- Remove old filter
- Install new Smart Parts Washable Reusable Cabin Air Filter (squeeze to fit if needed)
- Replace rest of glove box assembly by reversing the removal procedure
